Weary boots seem Much too heavy So again do I Filled  
the boots with Stones and concrete So that I could fly  
Soothe the burn that burns so free Sting the thing  
inside that stings me Weary boots is eating me alive My  
big hero Say goodbye My big hero Was a lie My big  
hero Had to die Told me lies So once more we say  
goodbye There I sat upon his head Cool water at my  
feet Drowned his face and Crushed his neck and  
Loving every scream Felt the dream that's driven me  
Smashed the thing inside That smashed me Weary  
boots is trying not to die My big hero Say goodbye My  
big hero Was a lie My big hero Had to die My big hero  
Say goodbye My big hero Was a lie Smash my dreams  
and Kill my ideals Poke me in the eye Tear my seems  
and kill the part of me that wants to cry My big hero Say  
goodbye Say goodbye Say goodbye
