Sheena's Burning from the inside, Eyes so bright and
you know they burn Just like bloody hell Soothe her
quietly but sometimes burn all night But then again I've
never been well Any blow that you could fill to hide your
rain cos she is my only relief but then again I've never
been sane And I don't know why My heart don't break
But then again I've never been sane Spitting lightly in
the sunshine Wipe your face and then again you could
wipe your mind Breathing in you very slowly Looks will
kill But with a girly like that you never can tell Cos any
blow that you could feel to hide your rain cos she is my
only relief But then again I've never been sane And I
don't know why My heart don't break but then again I
don't think that I've ever been sane
