I've been lost and low
Since you've let me go
Full of pain I can't hide
Telling all my friends
Everything must end
But I'm not torn up inside

Cause when the moon's in the heavens
And the stars are so bright
I have my memories
That's when I journey
To some other night
Follow my fantasies
And oh how real they seem
I close my eyes and I dream

Dream away
Dream he'll say
He still feels the passion we had
Way back when
Dream away
Dream he'll stay
One more night
I know we'll fall in love again

People wonder why
I can't meet a guy
To mend my broken heart
I guess I should
But it's just no good
I stop before I start

Cause when I think of his loving
Imagine his kiss
No other guy will do
Too much I treasure
Too much I miss

I want my fantasies
And oh how real they seem
I close my eyes and I dream

Dream away
Dream he'll say
He still feels the passion we had
Way back when

Dream away
Dream he'll stay
One more night
I know you'll fall in love again

Dream away
Dream he'll say
No one sets his soul on fire
Like I do
Dream away
Dream he'll stay
Hold me close
Tell me you've been dreaming too
