Did you know I am a pioneer  
I'm out on a secret mission  
I travel the galaxy and far beyond

Can't you see that I am a pioneer  
Unlocking the greatest mysteries  
My key is a fearless heart so pure and strong

People laugh when you are a pioneer  
Not walking the straight and narrow  
They tell you the way things are  
They swear you're wrong

You can't be a hero hiding underneath your bed  
Got to live the life you create inside your head  
So I opened the window, caught the wind one night  
Now I sail with the birds in their flight

If you're tired of everything come here to ride with me  
You'll cry out with joy when you realize you're free  
It's a trip like no other for your heart and mine  
Leaving all but the future far behind

Some will say you're safer here  
Never mind them be a pioneer

Can't you see that you are a pioneer  
Not one of the endless talkers  
Who tell you the same old rules you've heard before

I can tell that you're a pioneer  
You want to be facing danger  
Not happy to hide your big dreams anymore  
You are a pioneer the same as me

You can't be a hero hiding underneath your bed  
So we'll live the life we've created in our heads  
We'll wake up every morning in a whole new place  
On a road reaching out into space

Some will say you're safer here

Never mind them be a pioneer

Han in hand we'll journey as pioneers  
Unlocking the greatest mysteries  
Don't listen to anyone who says we're wrong  
They can't stop you when you are a pioneer  
For truth is your greatest weapon  
Out there in the cosmos where we both belong  
A place for pioneers like you and me

Through the ages we will be pioneers  
We'll go out on secret missions  
We'll travel the galaxy and far beyond

It's our destiny to be pioneers  
We'll always be moving forward  
Our courage is what we will be counting on  
We will be pioneers forevermore
