I float and sway as I sail in
The Slumberland carressed in the sun
Forget the things to do and sit on the balcony

It's nice and warm, it's alright
The cat beside me is dozing off
On, Prince, don't you kiss me
Oh, no, no yet, oh, yeah

I float, I sway in my sleep
Over the Slumberland you know the happiness lies
You see, you should never disturb
The happy princess in slumber on the balcony

I float and sway as I doze off
Carressed in the sun so gentle and mild
Forget all your worries, sleep on the balcony

It's nice and warm, it's alright
The cat beside me is dozing off
I'm not the happiest Princess
Lost in the Wonderland, oh, yeah

I float and sway in my dream,
Happy is the world of slumber, yeah
You see, you should never disturb
Cause I'm a Princess in slumber on the balcony

I float and sway as I go
The road of happy slumber, yeah
All I want is to keep dreaming
Cause I'm a Princess in slumber on the balcony
