* Get ready love will leave you cryin'
It's gonna hurt you til you heart is dyin'
Can't escape it ain't no use in tryin'
No exception, love will leave you crying too
Till you're a broken man, poor you

The day you see her, a lovely stranger
You only pray that soon you'll know her name
You finally touch her then you're in danger
It won't be long before you feel the pain

'Cause your emotions will overtake you
You'll look for heaven in her big brown eyes
But she's no angel and she'll forsake you
That shouldn't come as any great suprise

Passion isn't really happiness
There is trouble in her sweet caress
Lost in confusion
You'll drown in delusion
If you don't run

* (repeat)

You think you're macho, a real soldier
But you've never seen this women smile
You can't resist her, You can't control her
Soon you'll be helpless as a little child

You'll feel so foolish, but just remember
There is no man who wouldn't be her slave
She's hot as fire, cold as December
Her kiss will drive you to an early grave

Every time you try to run away
Your desires are gonna make you stay
Still in her power weaker by the hour
Why even fight

* (repeat)

Passion isn't really happiness
There is trouble in her swet caress
Lost in confusion
You'll drown in delusion
If you don't run

* (repeat)
