There is no one else waiting for us
This terminal leads no where else
(Are we lost, do you know?)

Time is stretching, time that life's been standing
I think my feet and the ground are fusing
(Am I dead, do you know?)

On the edge of the bed, my hands are resting
And I say straight up baby, "War will always be"
And you're shaking your head
You don't want to believe
But it's okay you know and this is what it means

Theres no secrets, no pop songs, no rain drops, no
tears
As you tighten your head on my black polar fleece
And my heart is okay and its strong and it reels
It can take everything and it takes everything

Heartbroken forever
It's not you, its no one, it's just better
I'm your guest, I'm your lover
And like war, it lasts forever

Heart broken forever
It's not you, it's no one, its just better
I'm your guest, I'm your lover
And like wars, it's not over

There is no more words to say here
And my heavy back is hard to carry
(Do you care I don't know)

Sixteen days behind me and three more to go
My home is my head, it's the best play I know
(Do we live I don't know)

On the edge of the wall I see people shaking
As I'm holding your hands 'cause were two girls in
deep

And I'm shaking my hand 'cause I want to believe
But it's okay, you know and this is what we said

There's no secrets, no pop songs, no raindrops, no
tears

When you open your chest just a second you'll see
That my heart is okay, it got strong and it reels
It can take anything and it takes everything

Heartbroken forever
It's not you, it's no one, it's just better
I'm your guest, I'm your lover
And like war, it lasts forever

And we're heartbroken forever
It's not you, it's no one, it's just better
You're my guest, you're my lover
And like wars, it's not over
