"Night To Remember"

This could be a night to remember, but you still give me nightmares IÂ'll never forget. IÂ'm sleeping with the lights on tonight so before you go, IÂ'll tell you what IÂ'm thinking. Do you really want a one night romance. Are you dreaming of a starlight slow dance. Do you really want a storybook ending, move on letÂ's stop pretending now. IÂ'm anticipating, all these phone calls youÂ're desperately making. IÂ'm dying from the sound of your voice. Before you go, try to stop the bleeding. IÂ'll leave the lights on so you can find your way back home. When you get here all of these doors they will be locked closed. Do you really want a one night romance. Are you dreaming of a starlight slow dance. Do you really want a storybook ending, move on lets stop pretending. Do you really want a one night romance. Do you really want a starlight slow dance. Do you really want a storybook ending, move on lets stop pretending. You always ask me where we went wrong. It must have been the day that I wrote this song. Get up & get out, I think itÂ's over. Get up & get out, I think itÂ's over. Get up & get out, I think itÂ's over. Life is full of regrets put on your shoulders. ThereÂ's a whisper in your left ear loud and clear. A casual conversation. Let me know, are you dialing the phone. Do you really want a one night romance. Are you dreaming of a starlight slow dance. Do you really want a storybook ending, move on lets stop pretending. Do you really want a one night romance. Do you really want a starlight slow dance. Do you really want a storybook ending, move on letÂ's stop pretending. I need you like a hole in the head. IÂ'm thinking that IÂ'm better off dead than spending one more night with you
