"Trying"

Visit "[Trying](#)" on MotoLyrics.com

your words are failing
you feel too much
your lips are bleeding
you ache to touch me

but if you listen to my voice
I'll tell you I am home with you
you brought me where you wanted to

all of your actions
they won't suffice
within a short time
you won't surprise me

but if you follow where I lead
I'll show you everything is new
no matter how much you still do

I feel like flying when another message comes across
I see you trying, thinking how it's all a total loss
so I'll tell you now, my love

your words aren't failing
I hear them all
and all your actions
they make me whole again

so if you're feeling down and out
just hear this song I wrote for you
and know that I am trying too
