Visit "[I Wanna Made Man](#)" on [MotoLyrics.com](http://MotoLyrics.com)

(chorus)

I wanna made man don't care bout what you heard  
I don't care what you think  
I don't care what they say

We fly threw friendly skies touchdown  
Blow smoke out the roof blue bentley crew  
Roll up sho' nuff all sold up  
Know us hit the spot and get tore up  
Show up wit a gang of cars  
Valet to parley straight to the bar  
Woo skinned suits Timberland boots  
Spend enough loot when Made Men come through  
We ball wit the ballas all bout dollers  
Floss 10 G's in gems round they collars  
Luxury life bring a buggin device  
but I'm straight up so I'm lovin my life  
On a average night might bag ya wife  
And make off like a thief with a bag of ice  
Box in my goochie watch blow tight  
For the whole night I shine like a strobe light

(chorus) 2x

I see you watchin gettin mad cuz I'm gettin this done  
Made Men yo 5 double 0 benzito  
My neck and my wrist wear ice no doubt  
I'ma still be shinin when the lights blown out  
Get it right I'ma big dog recognize  
When you see us comin threw best step aside  
Take heat to tha game dog watch and learn  
I'ma ball till im 80 wit cheese to burn  
Gotta keep my eyes open when I bounce in the range  
Since I'm stackin change you be lookin strange  
but that's alright that's all good  
still the flossiest nigga in the whole neighborhood  
Should I hit em wit a penny or cop a drop  
We be blazin hot made men won't stop  
and when the club let out I'll be sittin in my ride  
waitin for the shorty that I bagged aside

(chorus) 2x

Round up the crew and head to the strip place  
Luke's choosen booze and expensive drinks  
The game out my mouth that I spit at shorties  
Go 0 to 60 like a 740  
I'm droppin things coppin things  
95 diamonds in my pinky ring  
I stay O T still cash pile  
You know the new style blue reptile  
When we show up in the club dont hate  
Cause we straight and to blow up we won't wait  
Love from the bar free Dom P  
Sightsee after G get tipsey  
I'm gonna need a spot wit a dime and some change  
Move from tha 1500 to the range  
Got made men and the system buggin  
Compared to my crew your crew say nothin

(chorus) 5x
