Yeah, yeah, yeah!

You had me from the very moment you was at my door

Ah, your sweet kisses, then you kissed me once more

I could hardly wait to see what you have for me baby...

Though you just left I wanna know

When can I see you again?

Chorus: (x2)

Feeling your... all I really wanna know

Can I get that, get that?

From my head to my toes

All I really wanna know

Is can I get that, get that?

In the shower flash backs come to mind

And .. tomorrow time is a day

And at night I caress the pillow

Where your head once laid

I'm not trying to make you my husband, no,

Although that would be nice, too

I just wanna know when will I see you, see you again!

Chorus: (x2)

Feeling your... all I really wanna know

Can I get that, get that?

From my head to my toes

All I really wanna know

Is can I get that, get that?

Can you see me tomorrow?

And maybe the next day, too

I wanna know w if I see you, see you, see you again!

Do you hear me, baby?

Chorus: (x2)

Feeling your... all I really wanna know

Can I get that, get that?

From my head to my toes

All I really wanna know

Is can I get that, get that?
