Ref.: Tonight, tonight is our night, why had you to go
away tonight.
Away from me, away from me tonight.

The time is right, I want to say it to you.
I think of you in every thing I do.
But when Iâ€™m coming home, I was alone, and iâ€™m
crying loud for you.
But youâ€™re not at home, idonâ€™t know what to do.

Ref.: Tonight, tonight is our night, why had you to go
away tonight.
Away from me, away from me tonight.

Two day later, you are back home.
I donâ€™t know, why you were gone.
Please tell me, why you are going away, away, awy
from me.
I love you so, please come back to me.

Ref.: 2x

COME BACK TO ME!!!!!!!!!!!!!!!!!!!!!!
