How many times would I have to say it
And how long would it take for you to believe me
How long would it take you, girl

And how many letters in my name
If you can't say it right, would you still be with me
How long would you stay

Look at what you've done to me
We wreck love almost everyday
Nothing gets real sad
I never felt real bad

I don't know why we're sleeping here
I cannot sleep where I feel fear
This bed is too high
And I can see your eyes

How many shows would I have to play in
How long is a road when it never fades away
How far would that take you, girl

And how many people could be good for me
If you keep looking forward, how will you find me
When do you love me

Look at what you've done to me
We wreck love almost everyday
Nothing gets real sad
I never felt real bad

I won't know why I'm sleeping here
I cannot sleep when you're not here
This bed is too nice
I'd like to kiss your eyes
