Look into my eyes, don't you trust me  
yr so good you could go far  
I'll put you in a movie, don't you want to  
you could be a star  
you could go far  
you've got twistability  
you fly hard, don't you wanna  
you've got kissability  
you could be a star, it ain't hard  
yr driving me crazy, I feel so sick  
yr driving me crazy, give us a kiss  
look into my eyes, don't you trust me  
yr so soft, you make me hard  
I'll put you on a movie, don't you wanna  
you could be a star, you could go far  
you've got kissability  
you sigh hard, don't you wanna  
you've got twistability  
you could be a star, it ain't hard  
yr driving me crazy, you smell so sick  
I feel so tired, you made me sick

yr driving me crazy, if I feel so sick  
yr driving me crazy, if I feel so sick  
Look into my eyes, don't you dis' me  
You're so good, you could go far  
I'll put you in a movie, don't you wanna  
You could be a star, you could go far  
You've got twistability  
You fly hard, don't you wanna  
You've got kissability  
You could be a star, it ain't hard  
You're driving me crazy, I feel so sick  
You're driving me crazy, give us a kiss
