Youth Sonic "Making The Nature Scene"

Visit "Making The Nature Scene" on MotoLyrics.com

Going back to these origins

The city is a natural scape

order in the details

Confusion uproar in the whole

In nature reality is selection

the tool of critical intervention

Fragmentation is the rule

Unity is not taught in school

You are an unnatural growth

On a funny sunny street

The city has forgotten you

It's symbols of the past

The meaning of its state

Its order of decay

Stand now in a column

And make the nature scene

Standing now in columns

making the nature scene

making the nature scene

waiting to make their pay

There is no resistance to

the signs along the way

standing all in columns

waiting to make their pay

making the nature scene

Waiting for the day

There is no resistance to

There is no resistance to

Salvation means to count on you

It just means to count on you

Make the nature scene

Making the nature scene

Making the nature scene

Making the nature scene

Going back to these origins

The city is a natural scape

order in the details

Confusion uproar in the whole

In nature reality is selection

the tool of critical intervention

Fragmentation is the rule

Unity is not taught in school

You are an unnatural growth

On a funny sunny street

The city has forgotten you

It's symbols of the past

The meaning of its state

Its order of decay

Stand now in a column

And make the nature scene

Standing now in columns

making the nature scene

making the nature scene

waiting to make their pay

There is no resistance to

the signs along the way

standing all in columns

waiting to make their pay

making the nature scene

Waiting for the day

There is no resistance to

There is no resistance to

Salvation means to count on you

It just means to count on you

Make the nature scene

Making the nature scene

Making the nature scene

Making the nature scene
