long ago

and oh so far away

I fell in love with you

before the second show

your guitar

it sounds so sweet and clear

but you're not really there

it's just the radio

don't you remember you told me you love me baby

you said you'd be coming back this way again baby

baby baby baby baby oh baby

I love you, I really do

loneliness, is such a sad affair

and I can hardly wait

to be with you again

what to say

to make you come again

come back to me again

and play your sad guitar

don't you remember you told me you love me baby

you said you'd be coming back this way again baby

baby baby baby baby oh baby

I love you, I really do

don't you remember you told me you love me baby

you said you'd be coming back this way again baby

baby baby baby baby oh baby

I love you, I really do
