I've got a name for a certain quarantine her name is  
slowburn she makes me feel real mean when i ask why  
she says i'm caught in a lie she's got a bad disguise i  
ask a question never got a reaction and caught a  
glimpse subtle distraction instinctive stomach pain i lie  
in bed awake again this time it's my revenge i wanna  
be you already beaten when you are bound i'm free  
(dying under me) i' like to hold you so close you know  
i'm there (there is no refuge (rage you can't refuse)  
slowburn I've got a name for someone who shouldn't  
be in my mind when she's away it seems i can't escape  
i'm doing time without a place to go i'm lost inside  
nobody knows the rules will have to bend i wanna be  
you already beaten me when you are bound i'm free.  
(dying under me) i' like to hold you so close you know  
i'm there (there is no refuge (rage you can't refuse)  
slowburn this has been a process and i'm sorry i had to  
do you in like this and i can't say how good i feel about  
it there was so much so much that you stope you took  
my heart you took my soul but most of all you took my  
sanity now watch while i asses the situation at hand this  
had has turned to a fist i wanna be you already beaten  
when you are bound i'm free (dying under me) i' like to  
hold you so close you know i'm there (there is no  
refuge (rage you can't refuse) slowburni wanna be you  
already beaten when you are bound i'm free (dying  
under me) i' like to hold you so close you know i'm  
there (there is no refuge (rage you can't refuse)  
slowburn
