"Time To Remember"

[Chorus:]
I want to take time to remember
Cuz I always make time to forget
When it usually ends in disaster
I know it's not over yet (its not over yet)

Right here
I face the crowd alone
With nothing
And I know I'm on my own
Even if I wanna get high today
I'm living in my head
And it'll be okay
I know I can't
I care enough to say

[Chorus]

It's finished
Since I saw through open eyes
Without you
I wasn't strong
I never quite
Even if I wanna get high today
I'm living in my head
And it'll be okay
I know I can't
I care enough to say

[Chorus]

Stop the track
To look back
See how much has changed

[Chorus]

Stop my track
To look back
See how much has changed

(ahhhhhh)
See how much has changed *[x3]*
