Do you feel the turn of the screw?  
Pushing harder, breaking through  
It's better than you ever knew  
Now it gets to take care of you  
I won't go and tell it  
Don't bet you're due  
It swings enough to know the truth  
It even left you black and blue  
Never stop when there's nothing left to do

The turn of the screw, the turn of the screw  
The thing you said you'd never do  
The turn of the screw, the turn of the screw  
There's no backing out once you've turned the screw

You never thought what they say could be  
One night alone and you would see  
I think you'll take back all those doubts  
Now you know what the talk was all about

The turn of the screw, the turn of the screw  
The thing you said you'd never do  
The turn of the screw, the turn of the screw  
There's no backing out once you've turned the screw

Turn, Turn, Turn it around  
Turn, Turn, Turn it here on the ground  
Turn, Turn, Turn it around  
Turn, Turn, Turn it here on the ground

The turn of the screw, the turn of the screw  
The thing you said you'd never do  
The turn of the screw, the turn of the screw  
There's no backing out once you've turned the screw

The Turn of the Screw  
The Turn of the Screw  
The Turn of the Screw  
The Turn of the Screw
