Moon is a pancake if I lie
I cross my heart and I hope to die

To die!

Moon is a pancake if I lie
I cross my heart and I hope to die
And I stick a needle in my eyes
And I stick a needle in my heart

Sun is a croque madame if I lie
I cross my heart and I hope to die
And I stick a needle in my eyes
And I stick a needle in your heart

Night is a pierced cat if I lie
I cross my heart and I hope to die
And I stick a needle in my eyes
And I stick...

Day is a black bitch's smile if I lie
I cross my heart and I hope to die
And I stick a needle in my eyes
And I stick... to die

To die!

Moon is a pancake if I lie
I cross my heart and I hope to die
Sun is a croque madame if I lie
I cross my heart and I hope to die
Night is a pierced cat if I lie
I cross my heart and I hope to die
Day is a black bitch's smile if I lie
I cross my heart and I hope to die
And I stick a needle in my eyes
You'll soon be blind believe me
And I stick a needle in your heart... to die
