Whats right?
I don't care what you say
What's wrong?
The things you tell me everyday
What's right?
Slapping people when you fight!
What's wrong?
Smoking weed without a bong

To the asshole that punches like my sister
You think you're better just because you're bigger
You stupid shit, you always point the finger

Without us losers, there wouldn't be no winners

What's right?
I got no lyrics, that's alright
What's wrong?
Still no lyrics to this song
What's right?
Getting drunk every night
What's wrong?
All the lyrics to this song
