Like the sand can seep right through your fingers so  
can all your day

As those days go by you'll have me there to help you  
find the way.

The way I feel with you I know it's got to last forever.

And when the rain begins to fall  
you'll ride my rainbow in the sky

And I will catch you if you fall  
you'll never have to ask me why.

And when the rain begins to fall I'll be the sunshine in  
your life

You know that we can have it all and everything will be  
allright.

Time goes by so fast  
You've got to have a dream  
To just hold on.

All my dreams of love began  
With the reality of you.

You and I believe  
That all our dreams will last forever.  
And when the rain begins to fall

...

Though the sun may hide  
We still can see  
The light that shines for you and me

We'll be together all that we can be.  
And when the rain begins to fall

...

And when the rain begins to fall
