And so laughs the collander,
They domesticated and nailed up,
Like a hung haunted beast head boast in his time
Taxidermied for a mankind to pet
And so laughs the collander (x3)

So you dip your scarves in iron
These are troubled times and so
(X4)

This time keeps taking (x4)

These are troubled times and so
(Making a plan)
These are troubled times and so
(Making a plan)
These are troubled times and so
So you dip your scarves in iron
These are troubled times and so
So you dip your scarves in iron
(I write, I write) These are troubled times and so
(I write) So you dip your scarves in iron

A terrible thing to be meaner that that (So dip your
Scarves in iron)

Like a corpse with the slightest creep
A creature of a specific anything
Not just a mountain on a cloud tip
Decade leg length built in here (So dip your scarves in

Iron)
It's working so I don't know which
A stab of that or only yield to whip
With simple time cuts away from your
Self not actually may you not flesh
These are troubled times so I did mountain not (x8)

Unprotected neck (I write)
At such an etch (I write)
So

Unprotected neck (I write)
At such an etch (I write)
So
Make you not flesh (I write)
Unprotected neck (I write)
At such an etch (I write)
So
Make you not flesh
Unprotected neck
At such an etch
So
Make you not flesh
Unprotected neck
