Do you cry, are you scared?

I cried most 5 minutes to go the when you asked me  
what I dream about.

If you think IÂ'm a fighter, than IÂ'm a fighter, but I  
hate to fight. But pushing me and drive me against my  
principles, I will do it. I believe in no majesty of boss  
who wants to, to abuse the authority, but I donÂ't want  
to be a boss. I hate to be a boss I tried a long time to,  
maybe once a week a cried. I cried like a baby. Yeah  
itÂ's a worse force for me and I suppose that I cried the  
most because of misunderstanding. This is why I cry in  
the end

You seem to be very lonesome

Oh, yeah, sure.
