feat. Cyhi da Prynce

I'm thanking got she made you  
Off top, you's a bad bitch,  
Always there when I needed you  
Even when I didn't have shit  
Loud as fuck but I'm good with it  
Orange ... so hood with it  
Break you down then get you wet  
No questions asked if I could hit it  
You got a good spirit, calm aura  
You're the only one, ... order  
When it's ... good times  
Me, you, Pandora  
Light you up in my bedroom  
On the counter I spread you  
When I'm sick like any ...  
This twisted sister's my med too  
Ease my mind, show you right  
Specially if I roll you right  
Roll you ... you're so my type  
Keep ..., day and night  
Got me high, to me delight  
Look it baby, you are the side  
If you ain't the one, you're the prototype  
If you ain't the one, you're the prototype, look

I know you love me, come on and taste me  
Cut ..exotic that will have your heart racing  
Lick me down, roll me up and put your lips all around  
me  
I know you got that fire boy light it  
I wanna take you higher, higher, yeah, yeah  
I wanna take you higher, higher, yeah, yeah

I know this girl name Kesha, her sister's name was  
Mary  
I used to date her sister, hoping one day we'll get  
married  
I told her that I love her, and you're the air I breathe  
And as long as you're alive I swear I'll never leave, no

But Mary was a hoe, she kept on having...  
I tapped her couple times, then I passed the nasty  
freak  
But now she mad at me, cause I said I won't forget her  
She left everybody fuck, even my partners used to hit  
her  
Not she got a newer nigga, he don't need me, you's a  
swisher  
then I heard he was cheating on her with Patricia  
A couple years later my homie showed me a picture  
Of a girl he met at Auckland, I swear she looks familiar  
He said her name was Kiky and that's when I  
remembered  
Mary's younger sister, she even got a little thicker  
I called her on the phone, and told her that I missed her  
Influenced... just so I can kiss her

I know you love me, come on and taste me  
Cut ..exotic that will have your heart racing  
Lick me down, roll me up and put your lips all around  
me  
I know you got that fire boy light it  
I wanna take you higher, higher, yeah, yeah  
I wanna take you higher, higher, yeah, yeah

Got a love...to your aroma  
Flew out to California,  
Wanted you had enough dudes  
You make a nigga wanna clone you  
From 1 to 10 you's a ... with it  
There's more for reasons for me to have you  
So shortly after I touched down,  
I ... and I bagged ya  
Got it in on the freeway  
You fogging up a nigga's window  
You helped me see things clearly  
You stand ... a nigga meant to  
It's simple, when I'm with you  
No stress at all, no issues  
You don't judge me, you love me  
Cause you understand what I've been through  
Yeah girl, I know you love me  
I love you bad  
So much I had to make this song about you  
You know what I'm saying?

I know you love me, come on and taste me  
Cut ..exotic that will have your heart racing  
Lick me down, roll me up and put your lips all around  
me  
I know you got that fire boy light it

I wanna take you higher, higher, yeah, yeah  
I wanna take you higher, higher, yeah, yeah
