#### Verse 1

I see the tear stains on your eyes  
I know your hiding away from life  
You can't break away  
It's holding you so tight  
I see the pain you've held inside  
And you're believing all the lies  
It's destroying you inside

#### Chorus

Take back your life  
Don't give it up  
Take back your dreams  
Don't waste them  
Take back your faith  
You'll find it there  
Take back your right to live alive

#### Verse 2

I see you fade away from me  
I know you're struggling just to breathe  
You're so wounded turn around  
It's time to come alive  
Think of memories long ago  
Think of the life we used to know  
I'd give up everything to bring you back

#### Chorus

Take back your life  
Don't give it up  
Take back your dreams  
Don't waste them  
Take back your faith  
You'll find it there  
Take back your right to live alive
