Just celebrate  
We're gonna rock to the rhythm starting down from the floor  
We're gonna jump to the ceiling baby give me some more  
We're singing na na na to the party  
Get a little love now get a little druggy  
We now wanna start in a party  
Get a little love now get a little foggy  
We're dancing along to the party  
Get a little love now get a little body  
We're smoking away to the party  
Get a little love now give me all the money  
Just celebrate

Celebrate, baby hit me like a drum  
Celebrate, baby turn the music on  
Celebrate, baby hit me like a drum  
Celebrate, baby turn the music on

We gonna rock to the rhythm and our love it be high  
We gonn race to the feeling baby you are my lap  
We're gonna rock to the rhythm starting down from the floor  
We're gonna jump to the ceiling baby give me some more  
We're singing na na na to the party  
Get a little love now get a little druggy  
We now wanna start in a party  
Get a little love now get a little foggy  
We're dancing along to the party  
Get a little love now get a little body  
We're smoking away to the party  
Get a little love now give me all the money  
Just celebrate

Celebrate, baby hit me like a drum  
Celebrate, baby turn the music on  
Celebrate, baby hit me like a drum  
Celebrate, baby turn the music on

Who's singing, who's singing  
Mellina and That's Right  
Who's singing, who's singing  
Baby party all the night  
Who's singing, who's singing  
Mellina and That's Right  
Who's singing, who's singing  
Baby party all the night

We're singing na na na to the party  
Get a little love now get a little druggy  
We now wanna start in a party  
Get a little love now get a little foggy  
We're dancing along to the party  
Get a little love now get a little body  
We're smoking away to the party  
Get a little love now give me all the money  
Just celebrate

Celebrate, baby hit me like a drum  
Celebrate, baby turn the music on  
Celebrate, baby hit me like a drum  
Celebrate, baby turn the music on.
