Jesus come, and Jesus goes
What happens to the passin time I don't know
And in the soul, emptiness grows
Does some memory of the past still remain a go
And as the winds sweeps through the valley
I still hear the church bells ring
Echoes from the distance, through the naked forest
ring
Questions why I failed to try
I failed to to say goodbye
I don't know why I failed to try
I failed to try

Saw the pines kiss the nothern skies
While the mist floats off the river, of wicked wilds
To the fading blue, in a vacant room
Might wash your lonely eyes you won't get to blue
And as the winds sweeps through the valley
I still hear the church bells ring
Echoes from the distance, through the naked forest
ring
Questions why I failed to try
I failed to to say goodbye
I don't know why I failed to try
I failed to try

Reasons come and reasons go
What happens to the living, don't need show
Questions come, questions go
All the memory of the past still remain to glow
And as the winds sweeps through the valley
I still hear the church bells ring
Echoes from the distance, through the naked forest
ring
Questions why I failed to try
I failed to to say goodbye
I don't know why I failed to try
I failed to try, failed to try
I don't know why I failed to try
I failed to try, failed to try
I failed to to say goodbye

I don't know why I failed to try
I failed to try, failed to try
Failed to try.
