The Alphabeticians - I'm Flying

If I could fly I would spend all day flying.  
If I could fly I would look up at the sky and see myself  
flying.  
If I could fly I would sing a song about how I am flying.  
If I could fly I would find a bird and say "Hey, we're  
both flying."  
If I could fly I would only eat food that was good for  
flying.  
If I could fly I would shout to the world:  
I'm flying  
I'm flying  
I'm flying  
I'm flying  
If I could fly don't you think I would spend every  
second of the day flying.
