"Toast"

Visit "[Toast](#)" on MotoLyrics.com

What's better than bread? It's toast!

When ice gets hot it melts a lot
When ducks get hot they roast
When milk gets hot it goes to pot
Your vegetables will wilt and rot
When I get hot I sweat a lot
But when bread gets hot it's toast

It gets a special oven on the counter to itself
It summons all your favorite condiments off of the shelf
I like mine with peanut butter
Always tasty with nutella
France or Texas, either place can boast

When I get hot I sweat a lot
But when bread gets hot it's toast
