Just look at the bright side, dear
I can see you as you are
The times that we spent together
Were the happiest by far
When I wake up 2 days later Iâ€™ve found you
Another point in my life to say I love you
But then again Iâ€™m sorry if I feel so insecure
Iâ€™m sorry, Iâ€™m sorry
Remember me tomorrow
As the days pass by
I wonder why youâ€™re so
Far and I ask you why
Too bad we could not be like normal friends
Too bad it had to end this way
Be certain I will never forget you
I guess itâ€™s time we say goodbye
But now I hear the questions inside my head
It takes a lot of pressure to ignore instead

Iâ€™m waiting for the right time to be with you
Another chance for me to say I love you
Remember me tomorrow
As the days pass by,
I wonder why youâ€™re so
Far and I ask you why
Youâ€™re so far away

When I wake up 2 days later Iâ€™ve found you
Another point in my life to say I love you
But then again Iâ€™m sorry if I feel so insecure
Iâ€™m sorry, Iâ€™m sorry

Remember me tomorrow as the days pass by,
I wonder why youâ€™re so far and I ask you why
Donâ€™t question my decision to leave you behind
Lift me up or rip me apart
