And so a change has taken course  
Yet I would think it otherwise  
A wish for you would never be  
Wouldn't happen couldn't see  
Today I crave for another romance  
Like a love being made today  
A little like you girl  
But what is there to take say  
You hold my feelings  
Cover up my intentions  
Say I bet I'd slide  
But nevertheless I know  
That I am broken imaginations  
Will forever hold you  
Dear waking up  
To a brand new alibi  
That's behind a scene  
Like a post on a cloud  
They tell of silence  
(Just think of what you'd say to me)

It's alive but it's not for me  
(I cry inside my dream)  
Another waste of time  
(This time it's now or never)  
Just think of a place  
Where there is dreaming  
(Just think of what you'd say to me)  
And that's where I will be  
(I cry inside my dream)  
Wasting all my time  
(This time it's now or never)  
I ingest this bottle  
Full of thought  
I gladly finish this,  
Knowing everyone  
Is someone else  
This is my contentment,  
This is my forever  
This is my contentment,  
This is my forever
