You had me driving for miles  
What's your game, your scheme?  
Your little plan, give me the run round.  
There's... the shit ain't cool

Chorus:  
Got me on your side,  
You better make your move  
Pick your heels up ...your roof

You ... on the wall  
Better hope that she don't come to  
Write my name... my nature  
Better believe I'm gonna terminate you  
...I just pass  
Your... and drive

Chorus:  
Got me on your side,  
You better make your move  
Pick your heels up ...your roof
