I'm on a wire
My head is on the run
Trying to get further 'cause I know I can't rewind
This time I might go on

I get down, I get down
I can't stop this, I can't stop
I get down, I get down
I can't stop this, I can't stop, stop

High on a wire
Trying to do my show
Just can't help thinking
What's going on below
This time I might fall down

I get down, I get down
I can't stop this, I can't stop
I get down, I get down
I can't stop this, I can't stop, stop

I get down, I get down
I can't stop this, I can't stop
I get down, I get down
I can't stop this, I can't stop, stop
I get down, I get down
I can't stop this I can't stop
I get down, I get down
I can't stop this, I can't stop, stop
