The infinite days are over
Today will have an end
"Get off your cloud!", she yells

The flowers I carry with me
The sweet smell of her hair
Before dusk falls she'll be mine

I said
Ra-ra-ra-ra-ra-rattle my heart
Rattle my heart

She'll be so excited
I'll take her everywhere
Be my everything

The night had fallen quickly
The moon lit her road
What a knocking sound she caused

I said
Ra-ra-ra-ra-ra-rattle my heart
Rattle my heart

Ra-ra-ra-ra-ra-rattle my heart

Ra-ra-ra-ra woo! rattle my heart

Rattle my heart...

I said
Ra-ra-ra-ra woo! rattle my heart
