Walking  
I see a shadowman walking  
Looking from left  
To right  
Who's that man coming up from behind

Frightened  
I see a red shadow frightened  
Skimming the wall  
The same speed walking  
My heart grows small

Shadowman [x2]

Running  
They're catching up with me  
They're screaming  
I can't stand to hear it

Shadowman [x4]

Run faster  
Got to get them off my back  
They're going to turn me into darkness  
Don't want to be a shadowman

Shadowman [x2]
