Where has all this mess begun? [x4]

Castle of lies
Piles of crap falling down
Scum scraping the sky
Reaching for the sun

Crystal gazing
Shadow's raising
Where has all this mess begun?

Where has all this mess begun? [x4]

Mouth full of flies
Leading the way for whatever comes out
Tears drowning your eyes
Madness freaking out

Crystal gazing
Shadow's raising
Where has all this mess begun?

Where has all this mess begun? [x2]

Crystal gazing
Shadow's raising
Where has all this mess begun?

Crystal gazing
Shadow's raising
[x17]
