[Intro]

If I say surely the darkness shall fall on me
Even the night shall be light about me
Indeed the darkness shall not hide from you
But the night shines as the day
The darkness and the light are both alike unto you
Amen

Thou preparest a table before me
In the presence of mine enemies
Thou anointest my head with oil
My cup runneth over
Amen

Run

[Verse 1: Yasiin Bey]

Pure pedigree horse power
Balley at the summer buffalo soldier hour
Black and blue dawn in the shadow lands
Dub cry high-noon make the shadows dance
Preacher man say a prayer, bless the caravan
Bandolero clans and jackels in the valley pass
Mindset on the treasures and the talisman
Hand set on the holy book and battle axe
Sun, moon, and stars, built a map
Where you at
Frontier
Clear
Expansion, exodus, run
Frontier
Clear
Exodus, expansion (run)

[Hook: Lucy Liu]

They die by dawn
They die by dawn
They die by dawn
They die by dawn
They die by dawn
They die by dawn

[Verse 2: Jay Electronica]

My grandmother told me

"Never ever go to sleep in the church house

Wear a shirt and a tie to the court house

Look the judge in the eye like a man

Not a dove, not a lamb, not a slave, or a church mouse

You a king, you a god, you a holy El

Get out this hole and give these motherfuckers holy hell"

So overtime, I perfected my rhymes and

That's why I shine like I climbed out the holy grail

Mainstream dropout, white widow cotton mouth

Out in Queen's Park with a crew of dirty stopouts

London bridge is falling down

The Bullitts lickin' shots on the Parliament grounds

Every devil, every scoundrel, every henchmen, every hound

Get lassoed by the sound

Ran across the desert, then shackled to the mound

[Hook: Lucy Liu]

They die by dawn

They die by dawn

They die by dawn

They die by dawn

They die by dawn

They die by dawn
