Do you wanna, sing with me
I'm a soldier, set you free
Baby come on, let me raise
All the problems, it's so sad
Everybody makes it feel,
Come on let me show the sin
Baby you know I'm for real,
Baby you know I'm for real,

Got to, got to, got to heal your soul
Got to, got to heal this flow
Got to, got to heal this flow
Got to, got to heal
Got to, got to, got to heal your soul
Got to, got to heal

Do you wanna, see the sky
I am gonna treat you right
Baby, baby, don't be mean
I'm a soldier of the sins
Everybody makes it feel,
Come on let me show the sin
Baby you know I'm for real,
Baby you know I'm for real,

Got to, got to, got to heal your soul
Got to, got to heal this flow
Got to, got to heal this flow
Got to, got to heal
Got to, got to, got to heal your soul
Got to, got to heal x 2
