"California Sun"

Verse

A letter to you my darling

I'm sorry for the bad sunrays

The days and days I wished the pain away

California quaked off and it is floating in my heart

Drifting through my veins I feel it's going to start

Chorus (2X)

California sun, melts away

Verse

Maybe we can come back to tis sometime

Perhaps later I will be able to shine

As I drown the ice water is creeping down my throat

It will be the death of me and my story untold

Chorus (4X)
