"Never alone"

Verse

One step forward, a thousand steps back
I don't wanna be here with my feet stuck in the tracks
And the doc gave me pills to keep the demons away
Now they're locked up in my head and all they do is
play

Chorus

In this darkness I can't breath and I don't wanna be
In this silence I can't see and I don't wanna be
Alone
Never alone (2X)

Verse

One step forward a thousand steps back
I'm just lying here in the middle of the tracks and I'm

Chasing the voices that are running through my head
If this is what's in store for me I might as well be dead

Chorus 2

In this bitterness I can't feel and I don't wanna be
and the stench is much too real I don't wanna be
Alone
Never alone (4X)

Chorus 3

In this darkness I can see and I will never be
Now I know the demon is me and I will never be
Alone
