Song by Toadies

So what we did  
would redefine  
the perfect function  
to realize  
some kind of  
potential...  
And underneath  
the paper dress  
she knows we're different  
shoulders and a neck  
shrug away this distance

Now in my home  
and in my car  
I can't help but  
hold my thoughts  
eventually  
drink back to this day

Wherever we go  
Wherever we go  
This ghost will follow

Wherever we go  
Wherever we go  
This ghost will follow

Wherever we go  
Wherever we go  
This ghost...  
AAYYEAHH!!!
