Walking in the rain coming up to your street had
been inside my brain. I thought maybe we'd meet
I'd be passing by you would see me walking
I would catch your eye that would start us talking...

Oh something's wrong here we're not friends.

I made up a plan, the next time that we met
I would see you and say to you what planet
are you from dear girl tell me now 'cus it seems
you're out of this world. You're the girl of my dreams

Oh something's wrong here we're not friends.
