Im sorry my friend if I've become drunk with power.  
Im sorry my friend if I blame it on being drunk (Hi mom  
I'm drunk!)  
Truth of the matter is I'm turning into a sexist,  
A fucking asshole pretentious snob  
And all the shit I talked behind your back I'm never  
gonna say it to your face!  
I'm sorry my friends if we're asking for money.  
I'm sorry my friends if its a thousand a show (Thats 14  
bucks!)  
Truth of the matter is I'm not here to make a living  
But Jay Navaro told me once he had to feed his baby  
So four more at the door means your putting more  
food in my mouth.  
And if you help my band, well then we can be friends.  
But I've never seen your band I was too busy drinking.

I don't wanna think about yesterday  
And all those stupid games we played were not okay.  
I don't wanna be that tomorrow!  
I don't wanna think about yesterday.  
And if we pull that shit today I swear I'll say:  
"I am gonna be here tomorrow!"

I'm sorry my friends for this record I'm signing.  
I'm sorry, I swear its not an ego thing (I'll sign your  
shirt)  
Truth of the matter is I thought I was immune to it  
But turns out like everybody else I'm looking for  
acceptance.  
This autographs a contract claiming you'll accept my  
word as law:  
"Listen to the Clash, D4, Pet Sounds, buy shirt, buy  
disc, posters, mailing list."  
Yea, I know, I wasn't at the show.  
I was too busy drinking by myself.

I don't wanna think about yesterday  
And all those stupid games we played were not okay.  
I don't wanna be that tomorrow.  
I don't wanna think about yesterday  
And if we pull that shit today, declare with me:

"I am gonna destroy my local rockstar!"

Can you promise me one thing?

Will you let me go under in a sea of my own hype

And if I reach for your hand to get my feet back on the  
ground will you please not help me up?

Will you just let me die in my own web of lies

Like money's not an issue and this music's not for sale.

Don't be fooled.

Everything's for sale.

I am gonna destroy my local rockstar!
