I pissed in your mountain dew, you didn't even notice,
are you that fucking dumb that you can't taste piss?
Now they'll rush you to the emergency room and give
you a stomach pump

I'll say that urine's a lot better than eating all that junk
food.

Its fortified with lots of riboflavinoids and vitamin C
and shit and whatnot.

If you don't believe me then you can drink my pee.

If you get out of the hospital stay the fuck away from
me.

You've been bitching all your life, dude stop whining.
You'll be alright.

Why do all the ska bands say pickitup they go
pickituppickituppickitup but what did I put down you
fuck?

Did you think I dropped a beat? Put it down and its
complete,

Chris is a veggie boy cause he doesn't like to eat meat.

Rudy wears a suit and tie its 100 degrees outside.

Aren't you hot or is style that important to you?

As you can see that 2-Tone whatever ain't for me.

I put it down now. 123.

You've been bitching all your life, if you stop whining
you'll be alright.

I'm gonna try to make it through the night.
