I just called to say I'm sorry
I just called to let you know
I'll always be here dying for you
Right now I know you hate me
You probably wish me dead
I'd rather die than live without you

I'm begging you please
Talk to me
Say something
Say something
Say anything

I know you're there
I can hear you breathing
I know you're there
Angry and alone
I know you're there
I can hear you breathing
I beg you to forgive me
To come back home

The last time I ever saw you
Tears streaming down your face
I let my foolish pride control me
I don't know why I couldn't
Come after you and say
I f*cked up but everything will be okay

I'm begging you please
Talk to me
Say something
Say something
Say anything

I know you're there
I can hear you breathing
I know you're there
Angry and alone
I know you're there
I can hear you breathing

I beg you to forgive me
To come back home

I'm begging you please
Talk to me say something
I'm begging you please
Talk to me
Say something
Say something
Say anything

I know you're there
I can hear you breathing
I know you're there
Angry and alone
I know you're there
I can hear you breathing
I beg you to forgive me
To come back home
