"End In Tears"

If you feel guilty look around
Stare out at the world and wonder
How long till our secret's found
How long till it pulls me under
Will they let us live in doubt
Will they make us take it to the grave

It'll end in tears
It'll end the world
It'll end in tears
It'll end in pain
It'll end in tears
It'll end the world
It'll end in tears
It'll end in shame

Terrified that they will find
The secrets buried in our heart
Paranoid when not alone
We are naked in the dark
How long can we hide the truth
How long till it tears our lives apart

It'll end in blood
It'll end the world
It'll end in tears
It'll end in pain
It'll end in tears
It'll end the world
It'll end in tears
It'll end in shame

Early enough to see your face
Temptation there is no denying
Danger doesn't matter now
Without you I would surely die
If we wake up then all is lost
And everything was lost so long ago

It'll end in tears
It'll end the world

It'll end in tears
It'll end in pain
It'll end in tears
It'll end the world
It'll end in tears
It'll end in shame
It'll end in tears
It'll end the world
It'll end in tears
It'll end in cold
It'll end in tears
It'll end this whole world
But in the end
We'll just explode
