You made your bed so go and lie in it  
You got your cake I hope you choke on it  
Is this what you want because it's what you get  
You've dug your grave so go and die in it

If you think I'm gonna fight for you, you're wrong  
If you think I'm gonna fight for you, you're wrong  
You're wrong

You made your choice so go and live with it  
You walked out that door now I'm closing it  
There's no looking back and there's no regret  
I don't forgive and I don't forget

If you think I'm gonna fight for you, you're wrong  
If you think I'm gonna fight for you, you're wrong  
If you think that I would cry for you  
Shed a single tear for you  
If you think I'm gonna fight for you, you're wrong

After all these years why should I believe you  
When I've seen you lie a thousand times before  
And after all these years why should I forgive you  
When I know that deep inside you're still a whore

If you think I'm gonna fight for you, you're wrong  
If you think I'm gonna fight for you, you're wrong  
If you think that I would die for you  
Shed a single tear for you  
If you think I'm gonna fight for you, you're wrong

If you think I'm gonna fight for you, you're wrong  
You're wrong
