You're the one who left me here on my own
Not a word of explanation even a note
And now you're begging me to let you come home
My friends told me that you've shackled up with some
guy
You're partying in Hollywood every night
I just can't believe it I was so blind

Too late
It's too late for sorry
Too late
It's too late for sorry
Too late
There's nothing left to say
Too late
You've thrown it all away

But now I guess your boy kicked you to the curb
You've got nowhere to go least that is the word
But I just can't ignore everything that I've heard
They caught you doing speed in the john at the boat
Blowing some guitar player I used to know
Not a single word I just want you to go

Too late
It's too late for sorry
Too late
It's too late for sorry
Too late
There's nothing left to say
Too late
You've thrown it all away

Can't you see it's
Too late
It's too late for sorry
Too late
It's too late for sorry
Too late
There's nothing left to say
Too late

You've thrown it all away
Too late
You've thrown it all away

Too late
