It's one quick motion love this everywhere
I was so on the ground she didn't even care
and that came magician she made me disappear
if it's dead long enough I can't just never clear

The gun she lose it all
trigger have a shit is a killer
and then she takes the rain I hear the same
that can only be one winner

Chorus:
You're alive on the tip of my tongue
you're a hot one shot till unknown
you're alive one stepping on my soul
I've only got one chance
you're the shotgun blast to my soul
I've only got one chance
you're the shotgun blast to my soul

Like a poison arrow she distract the fall
you ..my left side watch me die who stole my car
when the war was over all I can do is shay
far fallen from heaven..earthquake

The gun she lose it all
trigger have a shit is a killer
and then she takes the rain I hear the same
that can only be one winner

Chorus:
You're alive on the tip of my tongue
you're a hot one shot till unknown
you're alive one stepping on my soul
I've only got one chance
you're the shotgun blast to my soul
I've only got one chance
you're the shotgun blast to my soul

I've only got one chance
you're the shotgun blast to my

I've only got one chance
you're the shotgun blast to my soul
